Wastewater	No
Septage	No

WATER EFFICIENCY

New regulations for water efficiency and water conservation are soon to be implemented in Wisconsin. Water utilities may soon need to be looking closer at operations and water loss to increase their water use efficiency. This class will give an overview of new requirements for utilities in the Great Lake Basin and discuss what utilities can do to increase water efficiency including: water audits, leak detection, rates, public education and water conservation.

Presenters:
WRWA Staff

The room will open at 7:30 am with the class starting at 8:00 am. Class will run until approximately 3:00 pm.
PRE-REGISTRATION REQUIRED

Please visit our Web Page at <http://wrwa.org/workshop.html> for location map and other training sessions held around the state.
