

Water System Operations Basics: Math Basics and O&M Regulations
Thursday, September 22, 2022
WRWA Technology Center – 351 Water Way, Plover, WI 54467
(6 Municipal Waterworks Credits)

8:00 – 11:00 Math Basics

This training session will cover math basics for water utility operators. Basic math concepts and rules will be discussed as well as common conversions, basic geometry, and example problems that are common to a Water utility operator

11:00 – 12:00 Lunch (on your own)

12:00 – 3:00 Operation and Maintenance Regulations

Regulations from various agencies and levels of government can be confusing and pose a challenge to the success of a water utility if they are not fully understood. Instructors will address the origin of the regulations and give overviews of regulations that water utility operators deal with every day.

Course Instructor: Tony Roche – *Wisconsin Rural Water Association*

Pre-Registration is required for this class.

Complete the form below and return with payment to WRWA.
