

We did it!

In 2022 the Sportsman's Raffle hit the \$1M fundraising goal, let's keep the momentum going...

All proceeds continue to fund the Wisconsin Rural Water Association's mission, continuing education programs, and support the dedicated water & wastewater professionals that serve our communities.

It is that time again!

Please consider being a part of a cause that will continue to have a direct impact in Wisconsin.

Over 80 vendors continue to support this cause year-after-year.

A Brief History: This year marks the 30th year of the Sportsman's Raffle, and the 36th year of the Wisconsin Rural Water Association Annual Conference. You do not want to miss being part of this annual celebration. Again, we will play a major role in the event as we will be giving away a major prize in addition to all the other donated prizes. The intent of the raffle has always been to assist the WRWA in their goal to support continued education for Wisconsin Water and Wastewater Industries. Our support of the organization – through your generous donations – has steadily grown over the years.

Every penny of profit is given back to the dedicated men and women (and children) that work in this industry.

Four Fantastic Reasons to Donate:

1. Your Company's Name and Prize listed on the WRWA Sportsman's Raffle Web page. This site is visited frequently before the conference by operators interested in the donations.
2. Your Company will be listed on the main sign located at the registration booth.
3. A Raffle Donor sign will be provided for your booth.
4. A representative of your company and your prize winner will have their picture in the WRWA quarterly journal.

Where else can you make this much impact and showcase your company like this?!

How to Donate: Gifts must be confirmed by March 1st, 2023

- *Minimum donation value of \$250.00* (no exceptions). Please consider spending a little more to make your gift stand out more.
- Duplicate gift ideas are discouraged (with the exception of guns). If you have an idea, you may want to act on it early before someone else snaps it up. By acting early you will provide your company with more advertisement time on the web page.
- If you don't have an idea for a donation, check the WRWA Sportsman's raffle web page too see what others have donated in the past, or call a committee member (listed below) for help.
- Please bring it to the convention on Tuesday, April 4th, or no later than Wednesday, May 5th during booth set up time. **Bring your donation to the raffle early**, as set up for the raffle takes time. Buckets will not be set out for prizes not delivered or checked into the Raffle Booth.
- **If it is easier for you to send a check and let the committee decide, please make it out to the "WRWA Sportsman's Raffle" and send it to:**

**Adaptor Inc.
2151 South 54th Street
West Allis, WI. 53219
Attn: Dave Dodge**

Thank you for considering this opportunity, please contact Dave Dodge or Eric VanLaanen to have your prize added to the website. **Last year we had 82 vendors that donated to this outstanding organization!** your donation you can be a part of the most exciting event of any Rural Water convention in all of America!

With gratitude,

The Sportsman's Raffle Committee
