

WRWA 3 hour CCC Assembly Tester Refresher ONLINE Class 102

The State of Wisconsin now requires licensed cross connection control assembly testers to have at least six hours of continuing education credits every 4 years to maintain their license. Attendees will have an opportunity to get updated on any new regulations and issues for assembly testers. The online class will include a quiz each hour to verify attendance.

3 hours of Continuing EDU Credits apply to: Municipal Water, Commercial Plumbing Inspector, Cross-Connection Control Assembly Tester, Journeyman Plumber, Journeyman Plumber-Restricted Appliance, Master Plumber, Master Plumber-Restricted Appliance, UDC Plumbing Inspector, and Utility Contractors.

TOPICS COVERED:

- Pressure Differential Gauge Calibration and Maintenance
- Common scenarios or repair and troubleshooting
- Assessing correct installations prior to testing
- Test Data Management

Class Includes: CCC and Backflow related section of DSPS Plumbing Code, Test Forms
Pre-Registration is required for this class. **Class size is limited to 99 online participants.**

INSTRUCTORS:

Gary McLaren – HydroCorp
