

Waterworks Certification Training: Cross Connection Control and Sampling
Tuesday, March 5, 2024

City of Middleton Operations Center – 4330 Parmenter Street, Middleton, WI 53562
(6 Municipal Waterworks Credits)

This training course will help prepare new operators to become licensed and will also help as a great refresher for experienced operators.

8:00 – 11:00 Sampling

Attending this class will give you the best chance of getting accurate water sampling results. We will go over the requirements of the Bacteriological, Lead & Copper Rules, and explain the importance of proper sampling sites and techniques for required monitoring. They include Bacteriological, Lead and Copper, Inorganics, Volatile organics, RAD sampling, and Disinfection Byproducts.

Session Instructor: Tony Roche – *Wisconsin Rural Water Association*

11:00 – 12:00 Lunch (on your own)

12:00 – 3:00 Cross Connection Control

Utilities throughout Wisconsin are required to have a cross connection control program that addresses this inherent problem. This session will give students an overview of the basics of cross connection control and the regulations that pertain to them.

Session Instructor: Craig Wolf – *Hydro Corp* (WRWA Corporate Member)

Pre-Registration is required for this class.

Complete the form below and return with payment to WRWA.
