

Waterworks Certification Training: Drinking Water Treatment and Distribution
Wednesday, March 6, 2024

City of Middleton Operations Center – 4330 Parmenter Street, Middleton, WI 53562
(6 Municipal Waterworks Credits)

This training course will help prepare new operators to become licensed and will also help as a great refresher for experienced operators.

8:00 – 11:00 Waterworks Distribution Systems

This training session will help familiarize or refresh students with the various components of a water utility distribution system including pipes, pumps, valves, and storage reservoirs. The discussion will include pipes used for distribution and their pros and cons based on type, locating those pipes, and different operation and maintenance strategies.

Session Instructor: Tony Roche – *Wisconsin Rural Water Association*

11:00 – 12:00 Lunch (on your own)

12:00 – 3:00 Drinking Water Treatment

This training session will cover the basics of drinking water treatment including water chemistry, disinfection strategies, disinfection byproducts, corrosion control, fluoridation, and filtration.

Session Instructor: Tony Roche – *Wisconsin Rural Water Association*

Pre-Registration is required for this class.

Complete the form below and return with payment to WRWA.
