

Waterworks Certification Training: Cross Connection Control & Sampling

September 1, 2026 ~ WRWA Technology Center – 351 Water Way, Plover, WI 54467
(6 Municipal Waterworks Credits)

This training course will help prepare new operators to become licensed and will also help as a great refresher for experienced operators.

8:00 – 11:00 ~ Cross Connection Control: Utilities throughout Wisconsin are required to have a cross connection control program that addresses this inherent problem. This session will give students an overview of the basics of cross connection control and the regulations that pertain to them.

Session Instructor: Gary McLaren – *Hydro Corp (WRWA Corporate Gold Member)*

11:00 – 12:00 ~ Lunch (on your own)

12:00 – 3:00 ~ Sampling: Attending this class will give you the best chance of getting accurate water sampling results. We will go over the requirements of the Bacteriological, Lead & Copper Rules, and explain the importance of proper sampling sites and techniques for required monitoring. They include Bacteriological, Lead and Copper, Inorganics, Volatile organics, RAD sampling, and Disinfection Byproducts.

Session Instructor: Staff – *Wisconsin Rural Water Association*

Pre-Registration is required for this class.

Complete the form below and return with payment to WRWA.
