

Chemical Feed Systems and Wastewater Processing

(3 Municipal Water/6 Wastewater Credits)

No Fee

May 19, 2026 – Black River Falls Municipal Utilities Building, 349 S McKinley Street, Black River Falls, WI 54615

May 20, 2026 – Wisconsin Dells WWTF, 8 South Bowman Road, Wisconsin Dells, WI 53965

May 21, 2026 – Saukville WWTF, 1600 Cottontail Lane, Saukville, WI 53080

8:00 am – 11:00 am: Diagnosing Problems and Repairing Stenner Chemical Feed Pumps. This session will cover chemical feed pump operation and maintenance. Attendees will learn how to diagnose and repair common chemical feed pump problems. This session will include instructional and hands-on activities. Attendees are encouraged to bring their own Stenner Classic Pumps to the class to learn proper maintenance procedures.

Session Instructor: Mike Pontrelli – *Stenner*

11:00 am – 12:00 pm: **Lunch** (Provided by Stenner)

12:00 pm – 1:00 pm: Operator Roundtable Discussion. This will be an open discussion where attendees will have the opportunity to speak about topics such as phosphorus compliance, biosolids management, WET testing, and industrial dischargers.

1:00 pm – 3:00 pm: Wastewater Treatment Facility Tour. Attendees will tour the host treatment facility.

Pre-Registration is required for this class
