WRWA 3-hour CCC Assembly Tester Refresher ONLINE Class 101

The State of Wisconsin now requires licensed cross connection control assembly testers to have at least six hours of continuing education credits every 4 years to maintain their license. Attendees will have an opportunity to get updated on any new regulations and issues for assembly testers. The online class will include a quiz each hour to verify attendance.

3 hours of Continuing EDU Credits apply to: Municipal Water, Cross-Connection Assembly Tester, Journeyman Plumber, Journeyman Plumber-Restricted Appliance, Master Plumber, Master Plumber-Restricted Appliance

TOPICS COVERED:

- Backflow prevention methods
- Different types of cross connection control assemblies
- Operation and maintenance of cross connection control assemblies
- Code requirements for testing cross connection control assemblies

Class Includes: CCC and Backflow related section of DSPS Plumbing Code, Test Forms

INSTRUCTORS:

Gary McLaren – HydroCorp
WRWA Cross Connection Class Instructor since 2012

Rich Davison – Soderholm & Associates
